Sales, Service & Spare Parts

When it comes to keeping your pressure washer in the best condition, our service department staff can discuss with you the best repair alternatives and help get your equipment back up and running quickly. We can repair any brand pressure cleaner, including our main supplier Jetwave.

All machinery require periodic maintenance to ensure that they deliver the ultimate performance and reliability. Regular maintenance will also extend the products life - getting the most out of your investment.

Our extensive product range includes:

- High Pressure Water Cleaners
- Industrial Vacuum Cleaners - Wet & Dry and Extraction
- Drain Cleaning Equipment / Hydro-jetting Equipment
- Customised / Purpose Built Solutions

Our products are fully supported by the following international suppliers:

- Interpump – world's largest manufacturer of piston plunger pumps
- Annovi Reverberi – manufacturer of piston plunger pumps
- PA – manufacturer of high pressure washing accessories
- Pratissoli – manufacturer of high end piston plunger pumps
- Soteco – manufacturer of industrial vacuum cleaners & accessories

We will keep your business running smoothly by repairing or servicing your equipment in a timely manner. Our repair centre will have your equipment back to full power in no time. Increase the efficiency of your equipment with the help of AMDS!

Our Service & Spare Parts division can help you with the following:

- Hoses, Lances, Guns, Nozzles & fittings
- Pumps & Parts
- General Service
- Fault Finding
